Do you know the key questions you need to answer before you even start writing a paper? Do you know what the criteria for co-authors are? Do you know the most important criteria reviewers are looking for? Do you know the key components of a good grant? Do you know how to assemble a successful research team?

These questions and many more will be discussed at this insightful and interactive **Global School of Research Excellence** given by highly seasoned researchers and editors!

**Robert Jeraj, PhD, FInstP, FAAPM**  
Professor of Medical Physics Human Oncology,  
Radiology and Biomedical Engineering  
  
University of Wisconsin, Madison, USA  
University of Ljubljana, Slovenia
